Getting There

Bike Smart!

Use Your Lights

Street lighting is scarce outside of village centers.

Be Visible

Wear bright colors and reflective gear.

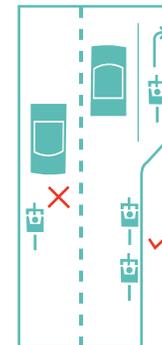

Leave No Trace

Enjoy the natural beauty of the islands responsibly.

Respect Private Property

Private roads are not shown on the maps. Be mindful of signs and respect private property.

Follow Lane Markings

Do not go straight in a turn lane.

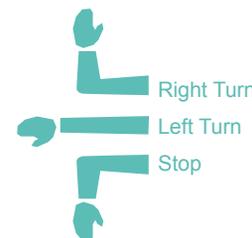

Do Not Pass On The Right

The vehicle may merge or turn right in front of you.

Ride With Traffic

Ride Single-File

This is the safest option. Cyclists may ride side-by-side, but not more than two abreast (RCW 46.67.700).

Use Hand Signals

Lopez Island

Lopez Island is roughly 30 square miles with a population of 2,350. It is relatively flat compared to other islands in San Juan County, making it a popular destination for cyclists. The highly anticipated Tour de Lopez event occurs in April of every year (visit <http://www.lopezisland.com> for more details). Center and Mud Bay Roads run along the North-South spine of the island, with relatively high traffic and minimal shoulder space. During spring and summer the commercial hub of Lopez Village is typically bustling with activity. Wintertime is quieter, with reduced business hours. There are no public off-leash areas on the island.

Key

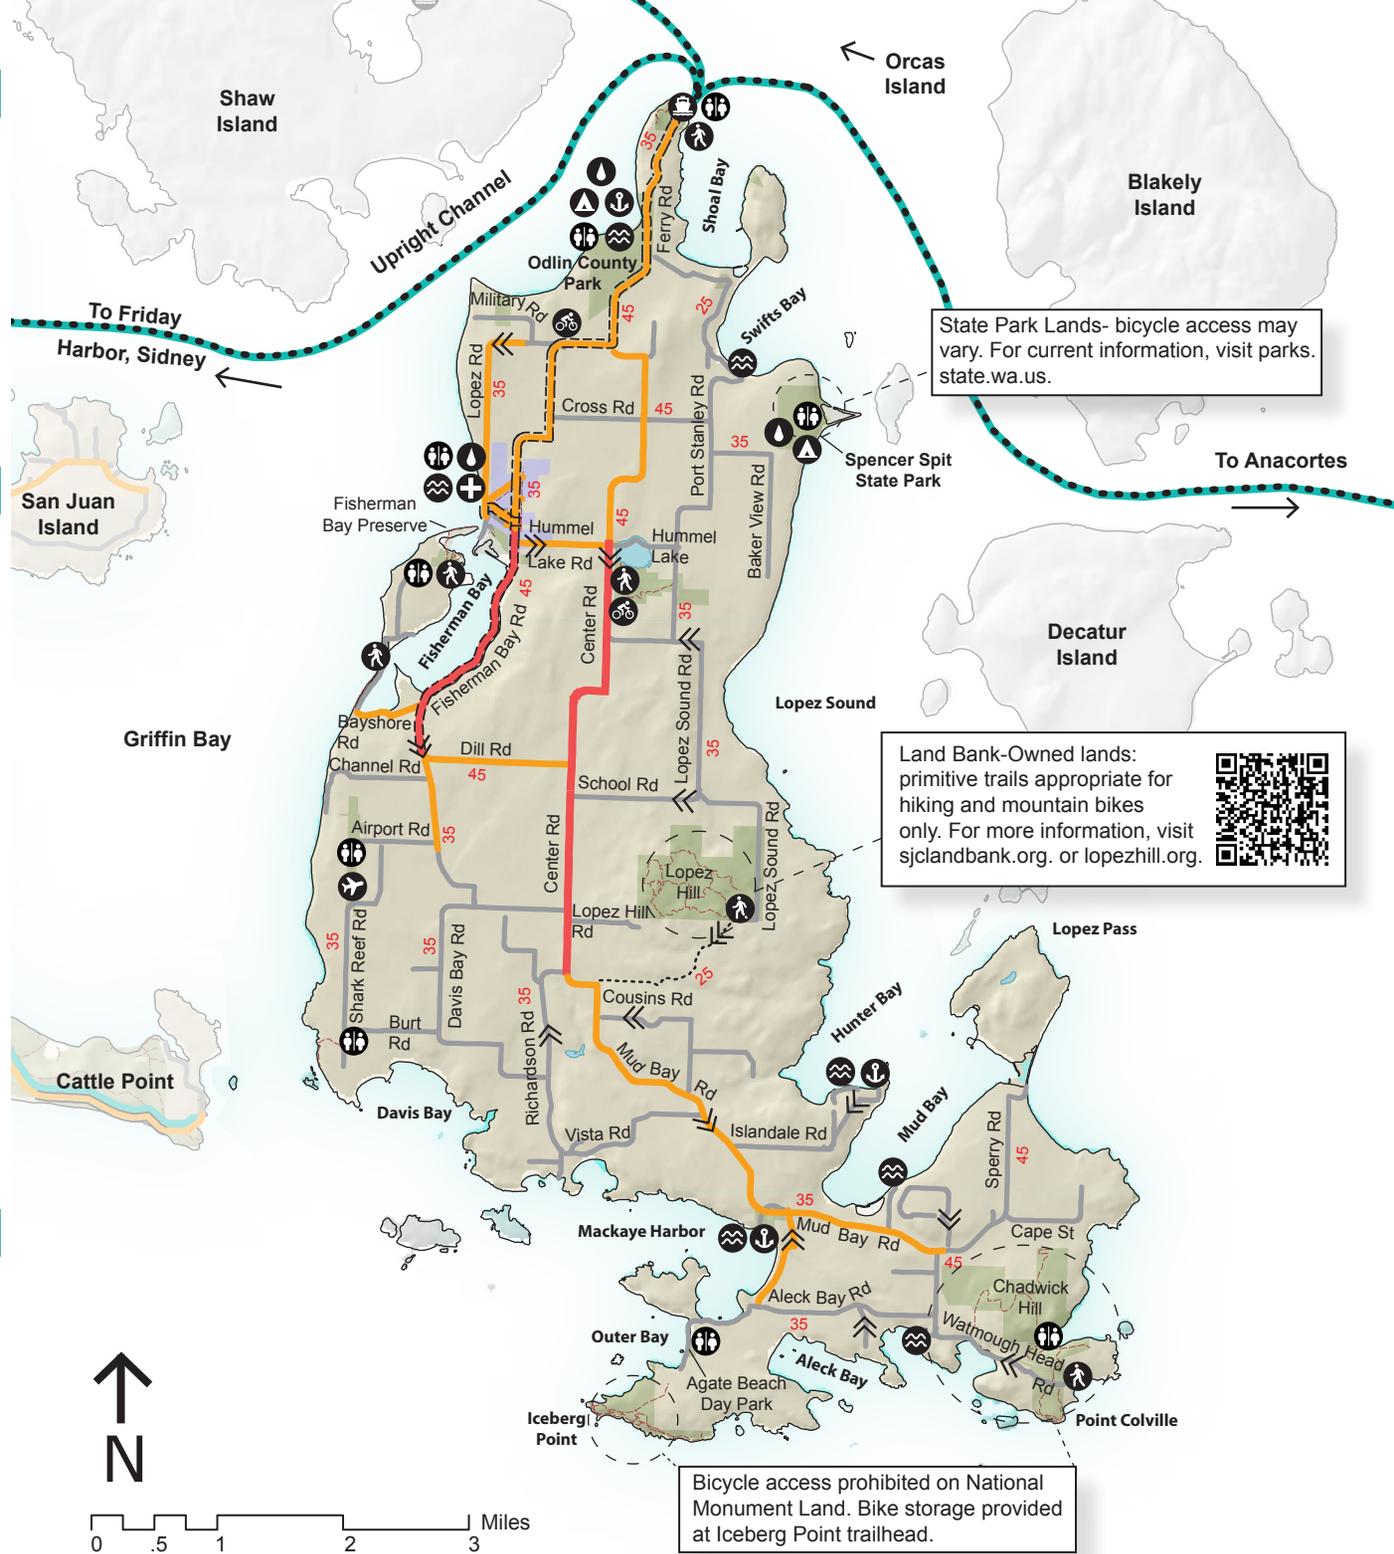

3-4' Shoulder	2-3' Shoulder	No Shoulder
Heavy Traffic	Medium Traffic	Low Traffic
Gravel Road	San Juan Islands Scenic Byway	
Non-Motorized Trails	Ferry Route	Road

» Steep Hill	▲ Public Campground*
